

DRAFT

CONWAY AGRICULTURAL COMMISSION

MEETING: March 27, 2019

Minutes:

Meeting Opened at 7:10 p.m.

Members present: Jason Silverman, Chair; Susan Schroder; Mary Parker, Secretary

The purpose of this meeting was to review and ratify a letter Jason created in support of Philip Bowden and John Brown endeavors to create for an organic/sun grown pot facility.

This letter would support their request to retain Chapter 61A status; have the need for an architectural site plan for a non-greenhouse facility and that the AgCom be the "Go-To" committee regarding complaints about the agricultural side of pot growing.

Committees to Receive Letter: Conway Select Board; Conway Planning Board; Board of Assessors; Conway Conservation Committee.

AgCom members made slight changes to Jason's original draft. The letter was unanimously accepted. A majority vote passed the draft to be formally submitted to the afore mentioned Town Committees.

Jason will revise and distribute copies both physically and by email.

Meeting adjourned at 7:00 p.m.
