**Building Permits/Site Visits**

None

**Forest Cutting Plans**

None

**Updates**

None

**Hearings**

No Hearings Scheduled

**Other Business**

- *Ratify Updated Enforcement Order*  
Tabled to the next meeting.

- *Discuss Natural Roots Flooding issue and request for an Emergency Certificate*

Mark Stinson asked from DEP and Natural Heritage a statement from Fire Chief Bob Baker saying there is no emergency access road. DEP wants to move forward but the Selectboard says they can't approve it as NRCS's conception of what's an emergency and Natural Heritage's view are at odds. NRCS says that to protect the taxpayer dollar, they have a requirement that the bridge has to be made to last at least 15 years. Natural Heritage says it has to be 'temporary' to qualify as an emergency.

David wants to be pointed toward the documents he needs. He needs to send the ConCom, Mark and Alli Echandi the plans for the emergency cert so it can be approved/denied. He also needs to complete an NOI form and could hand these in together.

At 6:40 Grace made a motion to adjourn, Tony seconded, all said aye and the vote was unanimous in favor.
