- *Ratify Updated Enforcement Order: Old Fields Hill*

Mr. Stuart was said to be looking into adding gravel to a driveway and building another structure. Grace was in touch with Ward Smith to let him know what the Commission's conversation with Mr. Stuart had consisted of. No work or construction, other than related to the enforcement order, can take place until the order is lifted. Mr Stuart will needs to go through proper channels. He needs to first restore everything he has changed back to its original state. Tony drafted a second revised enforcement order which the commission feels needs to be sent to Mr. Stuart, This second revision of the enforcement order amends the original, dated 8/20/2023, and the revision, dated 12/15/2023, enforcement orders. Mr. Stuart -was given a deadline of April 30<sup>th</sup> to take down and remove the unauthorized structure and to return the site to its original condition. On a motion from Grace to approve the revised enforcement order dated

3/12/24, with the changes in languages as drafted, and send it out to Ward Smith, Mary Kay seconded, all said aye and the vote was unanimous in favor. The enforcement order was then signed by all members of the Commission present.
