Discussion regarding culverts in the town forest. Suzanne emailed Chris Waldo, Chair of the SelectBoard. He said that we can go ahead with applying for grants and that there is no problem with closing the road. The fire and police chiefs would need to have maps of the area. Any gates would have to go into a grant proposal, due to the cost. It was agreed that the project will take more research and discussion. Further discussion re: grants for this work were table as Deb was not present.

Discussed native plants offered for planting at the Fournier property. Discussion re: planting, watering, wintering over. Suzanne will confer with Deb and Cynthia on this.
