8. Town considers whether we can regulate Eversource mobile battery storage trailers. Can we invoke 32.2 hazards section?
9. ADU related queries to consider:
 - Is a duplex building a “principal structure” for purposes of determining allowed size of protected ADU?
 - Can I build a duplex on the same lot as an existing 800-square-foot house, and at the end of the day call the current house an ADU to the new duplex?
 - Can I subdivide a 5-acre lot with existing house at the rear into a four-acre back lot with said house, and a one-acre empty lot with 200 feet of frontage?
 - Meanwhile, 41.1 dimensional requirements still says no more than 1 residential building per lot. Should we change this?
