

June 20th, 2023 Town Administrator Update:

- I attended the STAM annual meeting last week, which was very informative. I was able to meet Anne Gobi, newly appointed Director of Rural Affairs, and hope to have more interactions with her in the coming months. The great lineup of speakers included:
 - Jeffrey Shapiro, our Inspector General spoke about preventing fraud, waste and abuse,
 - Dave Kauffman of MMA, speaking about where key bills stand in conference committee at the moment such as UGGA, Regional School Transportation and Rural School aid.
 - Diana DiZoglio, our new State Auditor was there as well, speaking to us about the rural priorities which her office will pursue changing the formulas for items such as PILOT payments and Chapter 90 disbursements.
- I have placed the ad for the sale of the land located at 0 off Ashfield Road in the Currents and will also send it in the Recorder to be posted on Saturday, July 1st.
- I will be taking off this Friday, June 23rd, as I was unable to take off last Friday. I will return to work on July 5th.
