

August 26th, 2024 Town Administrator Update:

I was on vacation from August 19th -23rd.

I have contacted DCR to ascertain who owns the roads in the Conway State Forest. The response was that the roads have most likely been discontinued and belong to DCR.

I have set up a meeting with Francisca Heming, MassDOT District 1 Director, for a preliminary conversation about the MVP grant findings concerning the bridge on 116 in Conway center. Widening the bridge was the #1 voted option by residents at the end of the MVP project for FY24.

I met with Ron and Grace at Reeds Bridge to discuss culvert issues.

Much of the week of the 12th was spent on organizing paperwork and filing.

Transfer Station

I will put the information presented at the last meeting into separate hanging folders for the TSAs to hand out when residents request information.

Assessors

The RFP deadline was 2:00 today; the only bidder was Regional Resource Group (RRG).

Public Buildings

The Public Buildings committee will meet next week to discuss the bidders who submit on August 30th, and vote on a recommendation to the board.

IT

The IT working group will meet this week to discuss potential vendors.
