

April 11, 2022 Town Administrator Update:

- Today the new well was dug at the Public Safety Building and it came in at 140 feet deep with 80 feet of casing and 35 gallons per minute of flow! This is fantastic news, and the next step will be for Ron and Ken to work on the pump and the plumbing to the building.
- On Friday Phil and I attended the Children's Advocacy Center flag-raising ceremony in honor of child abuse awareness month (April). A big thank you to Chief Baker for doing the actual flag raising! The flag and blue pinwheels will be up through the end of the month. Senator Adam Hinds and Representative Natalie Blais were on hand for the ceremony and read the declaration, and Conway natives Samantha Staelens and Abby Bliss, who both work at CAC, and gave lovely speeches about their organization and about having grown up in Conway.
- On Tuesday I had a training through MIIA for injured on duty Fire, Police and Ambulance personnel, and I have signed up for the Human Resources 101 'bootcamp' on May 17 in Wrentham, put on by MMA/MMHR.
