At this point, the meeting voted to consider Articles 29 out of order.

ARTICLE 29: Voted to approve the following resolution:

- Whereas a High-pressure pipeline carrying natural ("fracking") gas has been proposed to transit the Town of Conway and surrounding communities en route to Dracut Mass for export by The Tennessee Gas Company (see map); and
- Whereas the construction of said pipeline would necessitate the destruction of woodlands, trails and wildlife habitat in the environmentally sensitive areas of Pine Hill and the South River State Forest; and
- Whereas a high-pressure gas pipeline, by its nature, carries the potential for leak, rupture or other toxic environmental impacts; and
- Whereas mitigation of said impacts could constitute an undue burden on the Town Fire Department; and
- Whereas insuring the security of said pipeline could also become an additional burden on the Town Police Department; and
- Whereas the cost of the construction of said pipeline (by a private corporation) as currently proposed would be partially defrayed by Massachusetts ratepayers in the form of a utility bill tariff; and
- Whereas we the Citizens of Conway have chosen to live here because we treasure our natural environment;

be it resolved that:

We the citizens of Conway Massachusetts hereby call upon our Selectboard to convey our opposition to this project to all concerned (including our State and Federal legislators) on our behalf.

The meeting then returned to the remaining articles in order.
