Dear Philip Kantor

In accordance with the transmission notification requirements set forth in 220 C.M.R. §§ 22, National Grid (New England Power Company and/or Massachusetts Electric Company) is providing 30 day notification of upcoming sideline vegetation management activities within your community. Specifically, National Grid intends to perform tree pruning and tree removals within the electric transmission right-of-way easement. Please note that this notification is separate from any notifications you would receive for herbicide maintenance.

Enclosed are map(s) that locate the right-of-way corridor(s) where the vegetation management activities will be performed. The sideline work will be conducted between 30 days from the letter date above and March 31, 2024. Please note that you may receive additional letters through the year if scheduling allows for additional work.

Also, please forward this notice on to other departments within your municipality that may want to review the notification.

If you have any questions about our vegetation management programs, please contact me at 508-860-6282 or by email mariclaire.rigby@nationalgrid.com. Additional information about National Grid's Transmission Vegetation Maintenance Program can also be found at: https://www.nationalgridus.com/transmission/c3-8_standocs.asp

Sincerely,

Mariclaire Rigby
