429 Main St, Ashfield

**TUESDAY, MAY 5**  
5:00 - Dinner  
5:30 - Presentation/Discussion  
Sportsman's Club  
245 Elmer Rd, Conway

## About Our Event

Ashfield and Conway have received a grant to protect their communities from the impacts of climate change and the two towns are gathering information from residents about what makes our communities strong and resilient as the rapidly changing climate challenges the ways we live, work, and play. Participants will be asked to provide their input, which will be used to make decisions about priorities and future grant funding.
